

## Help with Financial Decisions

[The AARP Retirement Survival Guide – How to Make Smart Financial Decisions in Good Times and Bad](#) By: Julie Jason

This book's objective is not to revamp your habits or your life but to keep you out of trouble while making the most of what you have. This incredible book is for everyone from their 20s through their 90s, and is packed full of sound advice.

For Americans seeking safety and stability in a time of wrenching economic change, comes investment educator Julie Jason with this no-nonsense guide, which won the award for Best Personal Finance Book at the International Book Awards and was chosen as the top business book by Booklist. It offers time-tested, rock-solid retirement advice for people of every income level.
